## MEMORANDAM OF DEMANDS

We Wish to bring to your kind notice the under mentioned demands of the Industry so that it can enjoy the benefit of Railways at large.

### Dry Port at Jalandhar:

Concord Dry Port which is linked with Railways is almost ready at Suranasi. But It is not being utilized till date. Whole of the Industry at Jalandhar and Amritsar is to run to Ludhiana Dry Port for its shipments. In case it is started, whole Industry will be benefited. It is therefore requested that full consideration be given to this.

### Industry linked venders:

Railways is a very big buyer of Industrial products. But unfortunately only a few of the Industrialists are linked up with Railways. Generally Traders supply goods to the Railways. We request you that some seminars be conducted at regular intervals and industry be informed / educated about the products being purchased by the railways so that Industry can directly be linked up with Railways.

### Material Booking at Focal Point:

If the railways want itself to be attached with the Industry for transportation of goods, one material booking point should be opened in Focal Point or Industrial Area so that we can easily send the consignments through Railways.

Road transporters comes to our factories to pick the consignments. It becomes too easy for us give material to them. But if Railways will open its booking center in Industrial Area or Focal Point it will be convenient to us and we will prefer to send goods through Railways.

## Ticket booking Agency (JTBS):

*Indl Area or focal point*

Although now a days, every one book his journey ticket online but still there are a lot of people who go to the station for booking of tickets.

Moreover, our workers who generally book tickets on stations and waste full day, will be benefitted and we can save a lot in terms of Man Hours.

## House Keeping at Railway Station:

House keeping at our station is too bad. Floor and roofs are in bad condition. Cleanliness and Hygiene is just a dream. Coach location display generally does not work. All these things give a bad impression to the foreigner cum buyers when they visit Jalandhar.

It is requested that proper and timely action be taken to improve the above points so that a better environment can be developed for business activities.
