It is very much unfeasible for the workers who are doing job in the industries of Industrial Area & Focal Point to reach leather complex for training as the distance is too long. Same time The Center for Rubber Goods, a Government Building & premises situated in 2½ Acre land in Industrial area, near Police Division No.1, Jalandhar is lying locked since last several years and the building & premises is lying unused. This is suitable for MSDC. So, Jalandhar Chamber of Industry & Commerce strongly demanded to renovate this building & premises and provide basic Engineering Skill Development training facility in machining & foundry at industrial area centre. With this facility workers will get opportunity to get chance to learn and develop their skills as we are aiming

Also please make sure that the trainers have best practical experience & capacity.

Apart from this If any kind of assistance required from our side JCIC is always with you and always available to had meeting with you for the progress of MSDC.

Thanking you,

With regards,

For Jalandhar Chamber of Industries & Commerce (Regd)
