To, Shri sunder sham arora
Hon'ble minister of Industries & Commerce,
Government of punjab,
Chandigarh,

Sub : Request to release of funds for strengthening and widening of road
At Dhogri industrial park, Pathankot road , Jalandhar.

Respected Sir,

I would like to draw your kind attention towards the project of strengthening and widening of road at Dhogri Industrial park, pathankot road , Jalandhar city . The project file is waiting for the release of funds merely to the tune of Rs.2.95 crores for the last 2 years.

The project was recommended and forwarded by the then Dy.Com. Mr. kamal kishore yadav on DT. 20/7/2017 the principle secretary, industry and commerce chandigarh.then GM, distric industries center Jalandhar also strongly recommended the case wide their letter no.3098 dt 16/10/17 to director, industries and commerce Chandigarh. Later on Dy com. Sh.Varinder Sharma again forwarded the detailed project report with estimate of Rs.2,94,56,200 /- for strengthening and widening of 5 km road along with branch lines to the principle secretary PWD Chandigarh. The industrialists of Dhogri industrial park visited the good offices of managing director PSIEC, principle secretary industry and principle secretary PWD again and again to get the job done and wrote number of letters to the concerned departments . But till now the project is waiting for the release of funds. It should have been done long before realizing the potential behind the project. Our area MLA Sh. Surinder chaudhary also visited the site and sent recommendation to cm office to release the funds on priority. Sh. Santokh singh chaudhary, honorable member of parliament also wrote letter to cm office on dt. 15/02/18 and strongly recommended to sanction this project to release the funds on priority. now Government is keen to invest Rs. 300 to 400 crores for creating another focal point in Jalandhar but why attention is not being given to release funds for just Rs. 3 crores to an already existing industrial hub which is providing jobs to thousands of people, adding to the export of nation, generating revenue, and inviting more industrialist and traders to set up their units and are even inviting others for FDI.

Page-2

It is also not out of place to mention here that 25 Industrialists of this area have already signed M.O.U.s with government for establishing their new units, for job opportunities and help in developing this Industrial belt and to generate more revenue, the project is being delayed for the mere release of funds, The project proposal file has really become a football between the three departments i.e. P.S.I.E.C, PWD and Industries department.

Now this is the time to realize and materialise the hidden potential behind the project and the funds be released for the said project. I fully expect from you sir that this time my voice will not go unheard and unattended from your mind and its sound will definitely echo in the c.m's office to release the funds.

Thank you

With Regards,

For Jalandhar chamber of industries & commerce (Regd).

Charanjit Singh Maingi

(General Secretary)
